**Subject:** RE: Wolff Alport Moffat Street - Removal Assessment Trip Report  
**Attachments:** Attachment D\_EPA Thoron Measurements Memo.pdf; Att-D Appx-1\_ThoronSurvey338-350MoffatStMayJune2015.pdf; Attachment E\_EPA Wipes Analytical Report.pdf

Oleg sent me a memo (renamed as Attachment D for report purposes) with Appendix 1 (modified for report purposes) and I also received his brief report for the swipes (Attachment E, table has been modified for report purposes).

I do not think there is any additional information pending with him except if he needs to change the memo from draft to final; but please let me know if you are expecting additional information from him.

Thanks,

Ben Nwosu

What does Oleg still owe for Moffat? Yes hold off and work on other projects for next week. Priorities for the NY Rad Sites is NFB, HTC and CRU.

Thanks

Eric,

Should I hold off on the Moffat Street report until Oleg has completed his report? I am assuming that Oleg's report will be an inclusion to our final trip report, correct?

For NFB, CRU, and HTC, please let me know the order of priority for the RA trip reports. I have made considerable progress with the CRU report, but I am unable to report the analytical findings for the soil radiological parameters. We have also received the post mitigation radon analytical results for the CRU site.

I have a few small deliverables for other OSCs which I need to get out next week. If you are able to give me a time frame for your needs based on days/weeks that would be helpful.

Thanks,

Ben Nwosu

Hi. In comparison to what? We are waiting on Oleg for finalization of Wolff Response Action Report and we are waiting for NFB Action Memo approval. So as far as my work, that is priority.

Regards,

Eric

Hi Eric,

Please let me know how urgently you will need the Removal Assessment Trip Report for this site so that I can plan appropriately.

Thanks,
